Flying hours are: -

All models	10:00hrs to 20:00hrs
Electric models up to 3 LiPo cells	06:00hrs to 23:00hrs

**Please take careful note of the club rules, especially the noise limit and the areas you are not allowed to fly, most importantly near the main road, THE HOUSE, the industrial estate and over the go-kart track.**

With flying hours back to normal, please keep noise to a minimum. **Remember:** - one complaint can be all it takes to close a flying site. Noise measurements will be made from time to time during the year to check how the club is progressing in its aim to be as 'green' as possible.

The Club meets on the first Wednesday of each month at The Six Bells Pen-marc at around 7:30pm.
